

## MICHIGAN NEWS

SLAYER OF DAVIS  
BELIEVED CAUGHTJ. H. WALLROOFF IN CUSTODY AT  
ST. PAUL, MINN.

## SEVEN YEARS CHASE ENDED

WANTED FOR KALAMAZOO MUR-  
DER IN 1907.Believed to Be Burglar Who Shot Hal  
Davis, a Tailor, in Own  
Home.

Kalamazoo, Mich., July 30.—A search extending over seven years, ending Kalamazoo county \$16,000 and taking officers to every state in the union, ended last night when Sheriff Ralph W. Chapman landed in jail in St. Paul, Minn., Joseph H. Wallrooff, alias Charles Dawson, wanted here for the murder of Hal Davis, for years one of the city's most prominent business men and owner of a big tailoring shop, who was shot to death by a burglar he discovered looting his home.

The cold-blooded way in which the crime was committed and the sensational hunt in which hundreds of citizens took part the morning after the murder, made the crime one of the most extraordinary the county had ever known.

It was early in the morning when Mrs. Davis was aroused by a flash-light in her room. She awakened her husband.

"Lay still or I'll fire," the burglar told Davis when the latter started to get out of bed.

Wife Tore Off Mask.

Ignoring the order, Davis jumped out and grappled with the intruder. The two scuffled about the room. There was but one shot. Davis reeled and fell dead in the hallway. As the burglar dashed out of the doorway, Mrs. Davis pulled off his mask. The burglar and a pal who had been watching on the outside of the house jumped on bicycles and hurried away. At daylight, officers found where the men had changed their clothing. They were traced to Grand Rapids. In the Furniture City all traces of them were lost.

Later, a prisoner in the Kent county jail gave the officers a tip as to who the burglars were.

From that day until last night, three different sheriffs of Kalamazoo county have worked year-in and year-out on the case, since after clue was followed.

It was not until Tuesday that Sheriff Chapman was able to secure any trace to the whereabouts of the man suspected of the murder.

Tuesday noon the sheriff received a telegram from a former officer in St. Paul who had seen a description of Wallrooff and knew that he was wanted in Kalamazoo. Chapman left for the northwest. Last night the man suspected of murder, who during the last few years has been running a shoe repair shop in St. Paul, is locked up and will be brought to Kalamazoo at once.

\$2,000 Reward Standing.

There is a reward of \$2,000 still standing for the capture and conviction of the Davis murderer. Half of this amount was offered by the city, the other half by the county.

Wallrooff, alias Dawson, is known to officers as a bad criminal. He has served time for numerous offenses. It was from San Quentin prison in California, where the officers were able to secure the best description of the prisoner and it was the assistance of this prison that led to the man's capture.

Wallrooff and his pal before coming to Kalamazoo committed a series of burglaries north of Grand Rapids. One of their party was arrested and sent up from Kent county. It was after his arrest that Wallrooff and his unknown pal are alleged to have come here and committed the Davis burglary and murder.

SIX ATTORNEYS GENERAL TO  
CONFER ON BLUE SKY LAWS

Lansing, Mich., July 30.—The attorney generals of the six states in which litigation is pending involving the validity and constitutionality of blue sky laws, will have a conference this week at Des Moines, Iowa, on the general subject of defending attacks on blue sky laws. Michigan, Iowa, Kansas, Florida, Washington, and Oregon are the six states. Attorney General Fellows has left here to attend the conference.

## PENINSULA PARAGRAPHS.

MARSHALL—Russell, the four-year-old son of Gilbert Schuler, of Homer, drowned at his own doorstep when he fell into a horse trough.

GAYLORD—Mrs. Charles Moore is under arrest here charged with writing obscene letters to Robert Towles, a local man, who is making a complaint. The postoffice officials are investigating with a view of bringing a charge under the federal laws.

SAGINAW—Petitions are being circulated and will be presented to the council next week asking for a referendum on a municipal lighting plant. It is understood that an effort will be made to construct a lighting plant in connection with the consolidated water works.

MUSKOGON—To prevent the rapid disintegration of Muskegon county, placed some spikes on the Lake Shore tracks just for the fun of seeing the "crazy jump," as the boy said he had for the murder of Hal Davis, for years one of the city's most prominent business men and owner of a big tailoring shop, who was shot to death by a burglar he discovered looting his home.

The cold-blooded way in which the crime was committed and the sensational hunt in which hundreds of citizens took part the morning after the murder, made the crime one of the most extraordinary the county had ever known.

It was early in the morning when Mrs. Davis was aroused by a flash-light in her room. She awakened her husband.

"Lay still or I'll fire," the burglar told Davis when the latter started to get out of bed.

Wife Tore Off Mask.

Ignoring the order, Davis jumped out and grappled with the intruder. The two scuffled about the room. There was but one shot. Davis reeled and fell dead in the hallway. As the burglar dashed out of the doorway, Mrs. Davis pulled off his mask. The burglar and a pal who had been watching on the outside of the house jumped on bicycles and hurried away. It was after his arrest that Wallrooff and his unknown pal are alleged to have come here and committed the Davis burglary and murder.

MAIL CARRIER CHARGED WITH  
TRYING TO BLACKMAIL  
LUMBERMAN.

Bay City, Mich., July 30.—Robert J. Rosencrantz, of Hetherton, Osego county, is being held at the Bay county jail on a charge of blackmailing. Rosencrantz was apprehended Tuesday night near Hetherton by Post-office Inspector John A. Niles of Traverse City, and Detective J. A. Kline of Detroit, and brought to Bay City for arraignment before United States Court Commissioner Frank S. Pratt. On arraignment he pleaded not guilty and his hearing was set for August 11. Bail was placed at \$1,000 which he has not yet been able to furnish. It is alleged Rosencrantz made two attempts to blackmail Frank Michelson, a lumberman, of Johanneburg, Montmorency county. It is charged he sent two letters to Michelson, one in June demanding \$50, and one in July demanding \$300 and threatening to burn Michelson's lumber yards in Johanneburg if he failed to deposit the money in an old shack in a deserted lumber camp near Vienna, Osego county, within three miles from the nearest habitation.

Rosencrantz, who is a "star route" man, carries mail across country in Osego and Montmorency counties, there being no railroad in the vicinity of Johanneburg and Hetherton. He is unmarried.

COOLING MOTH MENAGES  
ORCHARDS OF MICHIGAN

Agricultural College Tells How to Ex-  
terminate Pest.

East Lansing, Mich., July 30.—The experiment station at M. A. C. has issued the following statement regarding the cooling moth:

"Great damage is often done to the crop of fall and winter varieties of apples and peaches by the fall brood of the cooling moth, which weathers and orchard conditions indicate will appear about the first week in August this year.

"The pest can be effectively controlled by the use of the following spray: Two and one-half to three pounds of arsenate of lead paste or 1-4 to 1-2 of arsenate of lead powder should be added to every 50 gallons of dilute lime-sulphur or Bordeaux mixture, whichever is being used to control the fungus diseases.

"It is necessary that this spraying be done with great thoroughness so that the foliage and fruit are completely covered with the poison. If heavy rains should follow the spraying within two or three weeks, it would be advisable to repeat the application."

BETTER THAN  
STOCKS AND BONDS

—health will pay far better dividends. Strength, energy and a keen brain are bound to succeed.

Right food and right living go a long way toward health. A good start is to avoid heavy, greasy foods that overheat, and over-tax the digestion.

## GRAPE-NUTS

is a scientific food containing great nutriment in small bulk, and quickly digested.

Made of wheat and barley, a little yeast, salt and pure artesian water—that's all. Grape-Nuts contains all of the nourishment of the grain, including the vital mineral phosphates that are essential to the perfect rebuilding of body and brain.

Grape-Nuts food is ready to serve from the package—healthful, appetizing and satisfying.

"There's a Reason"

DR. SADLER SEES  
GREAT PERIL IN  
FEEBLE MINDEDADVOCATES SEX STERILIZATION  
AT EUGENICS CONFER-  
ENCE.

Bay View, Mich., July 30.—Before the eugenics conference yesterday, Dr. William S. Sadler, dean of the Chicago post-graduate medical school, advocated sex sterilization. He said in part: "Feeble-mindedness is the greatest danger that threatens the American people. It is spreading faster than insanity. Its influence is more insidious than alcoholism. Because the feeble minded breed rapidly, this weak and deficient stock increases 10 times as fast as normal healthy stock. In every union between a strong minded and a weak or feeble-minded individual, 75 percent of the children will be affected with feeble minds.

"When people are born with a feeble mind, they contract alcoholism, dope habits, become lazy and shiftless, turn into vicious and lawless habits. But they do not stop breeding. Therefore, I advocate a national law, to establish boards of examiners whose duty it shall be to pass on every defective child in the public schools.

"Where the case is hopelessly feeble-minded, let it be sex sterilized. Then it can live its span of years out, according to natural habits, and society will not have to bear the awful burden of its descendants.

"Every sterilized individual should be registered.

"The surgical operation of sterilization is painless, and prevents reproduction of the species. It does not curtail individual liberty. It saves the state, and is the only cure for many evils which now beset our society."

ARMY WORM INVASION SAID  
TO HAVE RUN ITS COURSE

M. A. C. Exports Say Tachina Fly Will Finish Pest.

East Lansing, Mich., July 30.—The army worm, which for two weeks has been razing, according to Dr. G. D. Shafer and G. C. Woodin, M. A. C. men who have just returned from the "front" after helping farmers in the war on the insect pest. The college men, however, say the total loss in the affected districts will probably foot up to \$2,000,000. This estimate of the damage done coincides with that figured by Prof. R. H. Pettit a few days ago.

"There need not, however, be fear of any further damage," declared Dr. Shafer, for the combined attacks of the farmers and the tachina fly, which is increasing in great numbers, have gone hard with the worms.

Most of the losses suffered by the farmers were in oats, which until the worm appeared promised unusually heavy crops.

Another generation of the insects will germinate in September but the tachina fly, the M. A. C. men say, has grown so well upon the present host of worms that it will be well able to cope with the next host.

MICHIGAN FARMERS WILL  
PROFIT BY WAR IN EUROPE

M. A. C. Authorities Base Estimate on Increased Price of Wheat.

Lansing, Mich., July 30.—Authorities at the Michigan Agricultural College figure that the Austro-Servian war will fatten the pockets of Michigan farmers by at least \$65,000,000. The money will come from the increased price offered for wheat as a result of the European outbreak.

Wheat for September delivery jumped 5-1/2 cents a bushel following the declaration of war between Austria and Servia and on an estimated Michigan production of 1,000,000 bushels this increase will net Michigan farmers approximately \$65,000,000. The boost in wheat, the college crop experts say, was due to the fact that the Austrian and Servian crops will be prevented from reaching the world market if the European war continues.

Just how much the war will affect other crops has not yet been calculated, but it has been stated that if the strife should happen to involve Russia and Germany also a serious increase in food prices will result.

## KELLEY AND FORDNEY HOME

Congressmen in Revolt Against Continuous Performance at Washington.

(From The Journal's Washington Bureau)

Washington, July 30.—Congressmen Fordney and Kelley have joined the army of protest against continuous legislation and sweltering weather conditions in Washington, and gone to Michigan for a short rest. Neither is burdened with a fight for re-election, and their trips home are not for political purposes. Congressman Kelley will take the annual trip up Lake St. Clair with the Wayne county Republicans and participate in the conference. Both Congressman Kelley and Fordney will speak at the Republican rally at Bad Axe.

## PREPARE CAMP GRAYLING

Wisconsin Regulars Arrive to Arrange Grounds for Troops.

Grayling, Mich., July 30.—Lieutenant Lange arrived Tuesday night with a company of regulars from Camp Douglas, Wis., for the national encampment for the state of Michigan.

The company is composed of 70 regulars.

The regular company came a week earlier than the state soldiers in order that they might be able to try out the new grounds, the targets, and to arrange everything for the state soldiers, which are to be here on August 3.

Everything is in readiness for the soldiers.

## NEW HOTEL FOR SAGINAW

Movement to Be Started to Build \$750,000 Structure.

Saginaw, Mich., July 30.—Within the next few days it is expected that an active financial campaign will be commenced here with the ultimate end of securing funds for the construction of a new hotel to cost \$750,000.

Harry Allyn, Cincinnati, is in charge of the arrangements and will soon effect a working organization.

The plans at the present time provide for the raising of the Bancroft House, and the construction of the new building, September 1.

## CROPSY'S BONDSMEN SETTLE

Whereabouts of Former State Senator Are Not Known.

Kalamazoo, Mich., July 30.—Bondsmen for former State Senator Jesse R. Cropsy were called upon yesterday in probate court to settle in two cases where he has been appointed administrator. Cropsy is supposed to be somewhere in northern Michigan and efforts of the probate judge to have him settle matters failed. The estates were those of Samuel Warner and Donald Detweiler, both of Vicksburg.

A bond of \$100 was paid yesterday by John Hamilton, a Vicksburg banker, and the heirs of the estate of Charles Morse paid after the sale of \$600 that was furnished Cropsy by the late Charles Morse.

NOTHING TO DO,  
SO THEY FIGHTAUSTRIANS EXPLAIN FREQUENT  
DISORDERS AT BATTLE  
CREEK.

Battle Creek, Mich., July 30.—Local Austrians, their program upset by the declaration of war against Servia, will in all probability abandon plans which they had made for the improvement of their section of the local foreign quarter until the war is over, or some settlement affected. Many of them are ready for a call to the colors, and it is stated this call would lead considerably more men out of Battle Creek than did the Balkan war, several months ago.

While much disorder has come from the Austrian quarters, including several shooting and stabbing affrays, a movement to build a church for the Austrians has been under way for some time. The Austrians explain their frequent fights on the ground that they have nothing else to do on Sundays, there being no church for them to attend. Other had therefore planned to build a church and a school, but these plans will now rest for a while.

WIDOW TRAVELS FAR TO WED  
MAN SHE HAD NEVER MET

Kalamazoo, Mich., July 30.—Although she had never met him, Mrs. Mary Jewell, a widow of 35 years, came all the way from England to wed Charles H. Warner, a 65-year-old and prosperous resident of Shelbyville. The two met here for the first time yesterday and according to both they were not disappointed in each other. Thirty minutes after the woman's arrival they were married.

The romance started last winter when Mrs. Jewell sent a photograph of herself and children to friends in Shelbyville.

SOME FACTS ABOUT A  
SHINY COMPLEXION

A shiny complexion is the result of too much natural oil in the skin, and though diet may affect this quite natural but unpleasant condition, the best method to avoid shining is to use some drying or softening preparation on the complexion. Of course we have long known that in most cases powder gives an unquestioned artificial appearance and many have long used liquid face powder. Now science has made it very easy to make at home a perfect liquid face powder which gives a velvety, youthful glow to the face. Get 2 ounces Kaven from your druggist and dissolve it in 1/2 pint of hot water. This readily covers and relieves shininess, roughness, irritation, tan and discolored neck. It is a concentrated liquid face powder which, when made, is not a clear liquid but a creamy lotion that will not settle or separate when standing, easy to apply, is not sticky and dries quickly. The creaminess of the skin when on. Among all liquid face powders Kaven is the only one in which its makers have such confidence that they will mail a free trial to all who write them. Peterson & Co., 214 W. Kinzie St., Chicago, or they will return money you pay your druggist if you are not entirely pleased.

You'll Delight in the Good  
Colorado Does the "Kiddies"

If you are thinking about the youngsters' outing this summer and what good they will derive from it—Colorado's the place. You could not find a more beautiful and delightful summer climate and your whole family can live there as comfortably and as inexpensively as at home.

The trip out and back is one of real pleasure and can be made without fatigue. It is the kind of travel that doesn't tire the little ones, either.

Talk it over tonight with the family. See if the children don't all vote "yes" for Colorado. Call at my office or write, and I'll give you a fine booklet on Colorado, showing maps, pictures, hotels, boarding houses, with rates, points of interest, and will answer every question you can think of.

If you will leave the planning part to me I will take care of you. It's part of my work and I will be glad to do it. Don't forget to ask about the low excursion rates when you inquire for your copy of our Colorado booklet.

J. Francis, General Passenger Agent, C. R. & Q. R. R., 547 W. Jackson Blvd., Chicago.
